Selectmen's Meeting

WILL SEEK HIGH TECH FIRMS

Selectman John DeCosta and Clarence Fountain reported on a recent meeting held in Mayor Markey's office in New Bedford concerning a plan of the Chamber of Commerce to send representatives to California to meet with high tech industry officials to attempt to sell these firms on this immediate area for location or expansion. The area will offer the territory between Fall River and Wareham as the Golden Connection, illustrated with a map showing recreational opportunities, Industrial Parks, schools and the availability of local labor at about 1/2 the price of California. The representatives have asked and received backing from some of the cities and towns included in this package in the amount of $140,000. The communities involved will be introduced by means of slides and map location to illustrate the beauty and the recreational opportunities and space available for industrial park and development.

Selectmen were asked to endorse the program and do so.

SHELLFISH BUDGET

Selectmen reviewed the shellfish budget of Shellfish Warden Al Pauline which is $183.87 over the 1982 figure which is the amount of a salary step increase for Mr. Pauline. Shellfish propagation in the amount of $4800 is the same as last year. Selectmen tentatively approved the budget.

HISTORICAL COMMISSION

Mrs. Priscilla Hathaway brought in a budget at the same level of last year which was approved by Selectmen.

INSPECTOR OF ANIMALS

Leonard Randall's budget of $150. was tentatively approved. The budget was the same as last year.

HERRING INSPECTOR

Antone Nunes' budget was submitted at $500. Mr. Nunes said the herring shed had been broken into and all contents had been thrown into the river or stolen. He said the extra money was to replace the table, planks and other equipment. Selectmen asked that he try to operate on a $400. budget. He agreed.

Chairman William Hubbard of the Board of Selectmen commented that the Sports & Athletic Committee has done a super job that no one can question but that the town cannot consider any increases. He said that the Selectmen can and will tentatively consider a budget at last year's level.

FIRE DEPARTMENT

Fire Chief Paul Bradley asked for no increase in the budget over last year's level, which Selectmen approved.

POLICE BUDGET

Police Chief James Moran asked that Selectmen approve 4 vehicles for the department. He asked that the unmarked cruiser not be traded but kept as a vehicle for the use of the Chief and detectives. He would rather have 3 marked cruisers for patrol work. This would mean an increase in the budget of $1100 which was the trade-in value of the unmarked car. Chairman Hubbard asked about gas, oil, repair and other upkeep costs and Moran said that it was already accounted for in the budget. Chief Moran also requested an additional $4598.22 to hire a detective to work part time to follow through on investigations. He said that this work is putting a heavy load on a

SPORTS AND ATHLETIC COMMITTEE

The budget submitted by Barry Haskell and the Sports and Athletic Committee was $17,037., up from $15,985. It was explained that to continue the year round program at the present level the increase was necessary. The committee explained that adult volunteers have replaced some people who are hired in other towns such as timers. Chairman Haskell said that his committee considers that they have done a good job being cost effective since they have gone to private sources to obtain money for such things as uniforms which cost $30. each and no longer are bought with town money.

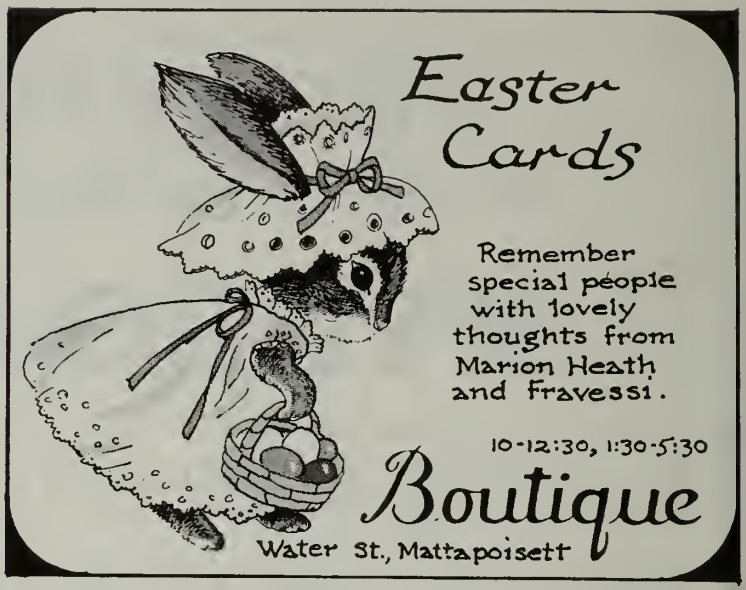
part time officer now doing these investigations which require frequent court appearances. Selectmen said that they would put both requests on hold.

Chief Moran has shuffled the budget to align all related items under related categories. In this process he has found that the total cost of each ambulance run is $74.70 for the 225 runs per year. This total includes all equipment, training for EMTs, certificates, medical supplies and vehicle maintenance and supplies. Moran noted that the figure is greater than the fee the town collects for ambulance service. He suggested that the town consider trading



cruisers on a 15 month schedule rather than the 12 month period to gain some saving. The Selectmen asked him to work up the figures and come back with them.

Drug Paraphernalia Law

On March 22, 1982, a new Drug Paraphernalia Bill, signed by Governor King, will go into effect.

This new Law under Massachusetts General Laws Chap. 94C Sec. 32 makes it illegal for anyone to sell certain types of drug related paraphernalia, including but not limited to, Rolling Papers, Pipes, Etc. designed to be used with illegal drugs.

This new Bill is designed to put of business the persons in this State who are making a lot of money supplying the population with paraphernalia to be used in connection with illegal drugs.

This Law also gives Law Enforcement Officers the authorization for immediate seizure of such items, and is a step forward in the Commonwealth's fight against illegal Drugs in its Cities and Towns.

As of March 22, 1982, the Mattapoisett Police will aggressively enforce this new Law, and anyone found in violation will be charged accordingly.

Glaucoma Screening

ROCHESTER LIONS CLUB

The Rochester Lions' Club has a busy schedule for the next few weeks, President Jerry Beaulieu announced last week. We have both service projects and fund-raisers coming up.

Our Service Project will be held on Saturday, March 20th, when the Rochester Lions will conduct Glaucoma, Vision and Blood Pressure screenings, using the District Lions Eye Mobile Van. The Eye Mobile Van is completely equipped to screen for vision problems as well as screening for signs of glaucoma. President Jerry said that Glaucoma is known as the "silent thief of sight". Unless an individual has periodic tests for glaucoma he may not be aware that he has this disease. The Movile van will be open from 10:00 a.m. until 4:00 p.m. and will be located at Lloyd's Supermarket on the corner of Hartley and Cushman Roads. This is a FREE service provided by the Rochester Lions Club.

On Sunday, April 4th, from 7:30 a.m. until noon the Rochester Lions will be serving a Pancake Breakfast at the Rochester Grange Hall. All Lion members have tickets for this event. The Lions Club will have a special Family Rate for Mom and Dad and their children; ask your Lion about this special.

St. Gabriel's Men's Fellowship

The Rev. Frank Blanchard, pastor of the Marion United Methodist Church, will be the guest speaker at the Men's Fellowship Breakfast at St. Gabriel's Episcopal Church, Marion, scheduled for Sunday, March 21st, at 8:30 a.m. Mr. Blanchard will speak on "Child Abuse". One of the founders of the Suspected Child Abuse and Neglect Committee (SCAN) founded in New Bedford in January of 1975, Mr. Blanchard has long been active and instrumental in its gradual development into a major social service in the southeastern Massachusetts area. While the popular belief is that child abuse is a phenomenon of the poor and disenfranchised segments of our society, the truth is that child abuse cuts across all socio-economic lines.

Plan to come for coffee at 8:15, breakfast at 8:30 and Rev. Blanchard's enlightening remarks at 8:45, with ample opportunity for questions. All men and boys in the area are welcome.

Year of The Eagle

NATIONAL WILDLIFE WEEK, MARCH 14-20

Donated by the Mattapoisett Land Trust to the Center School library is a 72 color slide program with narration on "We Care About Eagles" which is the theme of National Wildlife Week, March 14-20. The collection of slides provides a look at the American bald eagle, the golden eagle, the African bateleur eagle and the harpy eagle of Central and South America among others. The show describes the environmental threats that have led to the decline of the bald eagle and other birds of prey labeled "endangered species". Special emphasis is placed on the bald eagle, which is being honored during this year of 1982, officially designated at the "Year of the Eagle" to commemorate the selection of the bald eagle as our country's national symbol 200 years ago.

The Mattapoisett Land Trust through the efforts of Norma and David Hewitt has donated to the Center School library yearly

Letters to the Editor

Increased nuclear weapons production on the part of both the United States and the Soviet Union makes it imperative that each citizen consider what he/she will, or will not, do about this issue. The magnitude of the problems, however, tends to make us feel strangely ineffective, forever at the mercy of governments that purport to know more about the issues than we do. As information becomes more available, though, Americans across the country, and in our area specifically, are beginning to band together to express their concerns and attempt to affect political decisions.

We are appalled by the number of near accidents involving detonation of nuclear

weapons, and also with the number of times U.S. presidents have threatened to use these bombs to resolve conflicts. The imagination does not have to jump too far to see the accident become a reality, the threat finally carried out. Does our government seriously believe that a nuclear war can be "limited" or "survivable", or that we might want to survive that awesome destruction?

The world situation cannot be changed overnight, but not to take the first step is to passively condemn ourselves to lives of psychological repression, fear and probable extinction in our own lifetime. Citizens supporting the immediate negotiation of a mutual nuclear weapons freeze between the U.S.S.R. and our own country are taking that first step. Rather than accept the implied negativity of inevitable nuclear conflict, we are opting for action that speaks out for hope, life and the future of mankind.

TO THE TOWNSPEOPLE OF MARION, MATTAPOISETT AND ROCHESTER:

As all of you are aware, the boys' basketball team won the Massachusetts South Sectional Division 3 championship last week. In addition to the fine basketball and sportsmanship that was displayed (by both teams, incidentally) credit must also be given to the many supporters who attended the game.

In an attempt to provide as much opportunity for students to attend the game, the Medeiros Bus Company, through its President John Medeiros, provided two student buses at a cost of $1.00 per student, round trip. In addition, the team and the cheerleaders were transported to the game in style as Mr. Medeiros provided one of his modern American Eagle coaches that was emblazoned with BULLDOGS on the front

Open Letter to Selectmen

OPEN LETTER TO THE BOARD OF SELECTMEN
TOWN OF MATTAPOISETT

Recent conversations with numerous TOWN residents have prompted me to write this letter. Several of them have asked me what has motivated certain Town officials to so vigorously pursue a criminal complaint against me; particularly in light of the fact that said officials have been willing to drop this criminal complaint providing certain conditions be met: to wit, that I sign a statement releasing the "Town's agents, servants or employees from all suits, damages, claims, etc. that I now have or ever had against them from the beginning of the world."

I too have questions:

Why was criminal action taken on September 24, 1980 after a hearing held September 19, 1980 in Superior Court, at which time Town Counsel and my attorney agreed the boats would be allowed to remain until October 31, 1980, when it was established that no criminal action was to be initiated until after said boats had been removed?

Why did the Town officials not accept the decision of the Magistrate of Fourth District Court denying Mattapoisett's Application for Issuance of Process concerning these criminal charges?

Why in August 1980 was criminal action filed, a new cease and desist and a harbormaster order issued immediately after I had exercised my civil right to appeal the decision of the Board of Appeals?

Why in May of 1981 were 3 counts of criminal charges filed against me stating that I had been and was continuing to conduct commercial activities on that date when the moorings had not been used commercially

since October 30, 1980? The boats had been removed per agreement and all activities had ceased.

As a life long resident of Mattapoisett, born and educated in this Town, I am somewhat dismayed that such extraordinary steps have been taken against me.

Zoning by-laws are enacted "to promote the safety, health, morals or general welfare of the public". Do the Town officials

feel that the seven boats adversely affected any of the above to the extent that criminal action was warranted?

I had repeatedly assured the Selectmen that no commercial activities would be conducted without a special permit; this was later demonstrated during the summer of 1981 at which time I abided by both the zoning by-law and cease and desist orders and will continue to do so until all relevant permits are obtained.

The entire issue of the seven boats was a result of the vagueness of the zoning by-law itself. This vagueness was later rectified at the special town meeting when "if authorized" was clarified to state "if authorized by a special permit".

At present I am pursuing a career in the business world, a career that has constantly been interrupted by court appearances, pre-trial conferences, etc. Do the Selectmen sincerely feel my not ordering the owners of the seven boats to vacate their moorings, hence ruining a yachtsman's summer, was a "flaunting of the zoning by-laws"? Do they deem it so serious a crime that they feel compelled to pursue a course of action in anticipation of a possible conviction resulting in a criminal record affecting my future reputation jeopardizing my professional life?

Was it the Selectmen's opinion that it was their obligation to the taxpayers of Mattapoisett to pursue these criminal charges; expending valuable tax dollars to retain the legal services of Town Counsel to represent the Town in the lengthy litigations involved?

BROWNIE TROOP 177 - ROCHESTER

The Brownie Troop had a program presented by one of the Brownie mothers on First Aid and Safety. In conjunction with this program, the Brownies visited Tobey Hospital. To conclude their tour the Brownies presented coloring books that they had made to the Pediatrics Unit.

In celebration of World Association Day, Troop 177 held an International Tea Party for parents. For the party, the girls made flags representing several World Association countries, and they learned the Girl Scout Promise in different languages.

Tea and cookies representative of other countries were served.

Under the direction of Mrs. Florence Mullins, the Class of 1982 has been selling coffee, milk and juice to the students arriving on the early buses. These profits are returned to the school cafeteria. In addition, the seniors also sell donuts and return half the profit to the cafeteria fund.

This is the second of many checks to be given to the cafeteria fund. The Class of '82 is very pleased with the variety of lunches that Mr. Kenneth Delano and his capable staff have been serving this year.

ORR Math Team

The ORR Math Team tops the southeastern Massachusetts League after four meets. Leading scorers for ORR are: Ben Sawyer, Mike Xavier, Arlene Haskell, Allison Ripple, Carmen Gracia, Debbie Brewster, Dawn Lizotte, Joe LeBlanc, Diane Cook, and Laurie Watjen. The team for ORR is virtually assured of making the League Playoffs and the State Tournament. If ORR stays in first place they will be assured of a berth in the New England Tournament.

Mr. Cameron, the advisor, feels he has his strongest team in several years and attributes their success to hard work and dedication. The students have done hundreds of problems over the year and work extremely hard to prepare for the meets. This is the fifth year that ORR has competed in the league and the third successive year they will qualify for the State Tournament.

ORR MATH TEAM MEMBERS: FRONT ROW, JOE LeBLANC, DEB BREWSTER, ARLENE HASKELL, LUZ JACKIVICZ, DAWN LIZOTTE, ALLISON RIPPLE; BACK ROW, BEN SAWYER, MIKE SUORTTI, MIKE XAVIER, DIANE COOK. (ABSENT FROM PHOTO ARE LAURIE WATJEN AND CARMEN GRACIA.)

"Teenage Suicide"

On Wednesday, March 24, at 7:30 p.m. a presentation by the Samaritans on "Teenage Suicide" will be held at the ORR High School cafeteria. The presentation is sponsored by the National Honor Society and it will include a film, discussion, and a question and answer period. All of the public is invited at no cost and there will be free coffee and refreshments.

Exactly what are the Samaritans? They are lay volunteers who offer help to the suicidal, lonely and despairing by making their friendship immediately available at any hour of the day or night to those who feel they have no one else to turn to in their distress. The Samaritans is an international organization founded in London in 1953. The first branch of the Samaritans in the United States opened in Boston in 1974. The second branch opened on Cape Cod in 1977.

There is a great need for the Samaritans since the suicide rate in the United States is increasing. The most alarming increases have been in the college age group, 18 to 24, where suicide is now the second most common cause of death. Among the elderly it is the fourth most common cause.

The Samaritans are on call 7 days a week, 24 hours a day. The service is free and

TRU-TEST PAINTS

PAINTING HELP SPOKEN HERE.

BY Bonnie Blaire
TRU-TEST COLOR CONSULTANT

Dear Bonnie:

I am having to move from a large house into a small apartment. Is there anything I can do to keep from feeling closed in . . . to make my spaces seem larger?

Signed, Discouraged

Dear Discouraged:

There is much you can do with color. The most room enlarging color of all is light blue. It is even more enlarging than white because blue is a receding color. If blue seems too cool, warm it with some yellow, apricot or peach accent touches. Paint woodwork either to match walls or white.

Keep floors very **light**. Coverings for sofa or large chairs should be kept light or the same color as walls. Use as little furniture as possible and keep it scaled down to size of room. Avoid heavy dark woods. Use glass, brass and chrome for shelves and tables.

Keep the window walls free of heavy drapery. Use sheer fabrics that will let the eye travel thru and beyond the window wall to extend the space. Or, dress the windows with hanging plants and glass shelves with colored glass.

Flower prints on white give a light bright look. And finally, **mirrors** multiply light and a mirrored wall will double your space.

For room enlarging blues, see the palest colors on TRU-TEST Custom Color strip cards C12 thru C13.

TRIP TO TABOR OBSERVATORY

Members of Suellen Aiken's fourth grade class visited the observatory at Tabor Academy on Monday evening. This trip was the culminating activity to an in-depth study of the moon.

Prior to observing the moon, stars and planets, Mr. David Pierce, science and math instructor at Tabor Academy, reviewed phases of the moon and its effect of the tides. After looking at the heavenly bodies magnified eight hundred times, the children adjourned to the science lab where Mr. Pierce experimented with liquid nitrogen and the effects of static electricity.

the Sunshine Foundation. The Sunshine Foundation is a registered non-profit charitable organization whose purpose is to benefit chronically and terminally ill children. The Sunshine Foundation uses donations to finance trips for very sick children to special places of interest like Disney World.

Special thanks go to the mothers of these fifth grade students for baking the delicious, homemade cookies, and to Melissa Bare, Tracey Bertrand and Victoria Hiller who were in charge of the sale. During one recess period, the class raised $52.00 for this worthwhile fund. As one student said, "I hope we made someone's dream come true".

roast beef and turkey will be provided.

Current plans call for a reception to be held for the team between 6:00 and 7:00 p.m. with the banquet beginning at 7:00. The committee intends to pay for all dinner expenses for both varsity and javee teams and the cheerleaders who did an excellent job during the season. Mementoes for all of the tournament players will also be given at the banquet.

In order to help defray expenses for the banquet, the Roundball Club is seeking sponsors in the three towns and surrounding areas. For a $50.00 donation sponsors will receive two tickets to the banquet and will be listed in the banquet program. Letters have been sent to businesses in the area, but if there are other persons in the region who would like to be sponsors, they should call Jeff Riley at 758-4447 or Bill Quinlan at 758-2708 and they will make the necessary arrangements.

The Roundball Club is also running a raffle to raise funds as well. Various donations from local merchants will be awarded at the raffle drawing which will take place at the basketball game between the Old Rochester Regional teachers and the State Champion Varsity team. This basketball game will also be held as a fund-raising event. The game will be held Wednesday, April 7th.

Tickets for the banquet will be on sale during the week of March 29th. Information pertaining to the availability of tickets will be released during the next two weeks. The Committee is hopeful that there will be a large turnout to honor the first

SELECTMAN SPEAKS TO STUDENTS

"Being a Selectman means much more than attending weekly meetings at the Town Hall!" began Mr. John DeCosta as he addressed Team 7 East students at Old Rochester Regional Junior High School last week. This opening statement was amplified as Mr. DeCosta pointed out the many responsibilities involving community projects and programs that have involved his time and participation.

Questions from the students covered a broad range of topics as they discovered the many duties town selectmen have. "Are we allowed to attend town meetings?" "From where does our town water come?" "What can be done about my neighbor's barking dog?" "Why isn't the surface of our street finished?"

Mr. DeCosta is the second local government official to accept a student's invitation to serve as a resource person for the study of local government in the grade 7 Social Studies class.
